REPORT ON FOREIGN MISSIONS

With profound gratitude to God for His blessings upon our work in the foreign fields, and to our brethren, the churches and all the auxiliaries of the churches and to all our secretaries of the boards who have stood by in the very face of wars and rumors of wars where our noble missionaries who are in the front ranks on the foreign fields in the war against sin and idolatry, and then to the entire host of God's soldiers here in the home where we have almost forgotten the Great Commission, and yet the faithful are marching on with a determination to take the world for Christ and the cause for which He died. This great army knows

no retreat or defeat and will never lay down their arms in all the world until the Great Commission is carried out to the letter.

We are greatly encouraged with the progress of the work although this has been a trying year on most all of our missionaries, so much confusion, so many wars and famine, and yet we have good reports of the work.

We herein give a brief comparison of our work for the past 10 years from 1919 to 1929. In 1919 we had on all the foreign fields 505 churches; in 1929 we have 1,407 churches; in 1919 we had 143 self-supporting churches, in 1929 we have 643. In 1919 we had 5,635 baptisms as against 13,250 in 1929. The total church membership in 1919 was 49,659; in 1929 it was 161,059. The natives contributed in 1919, \$174,372; in 1929 they contributed \$472,820.

Our debt on the Foreign Mission Board has been reduced in the past year \$187,423.56. We still have a debt of \$615,137.32. Southern Baptist last year gave through the Co-operative Programs, \$686,416.01 to Foreign Missions.

We have returned to their fields of labor in the past year 61 Missionaries and we still have 93 here in the home-land waiting with anxious hearts to be returned to harvest fields which are already white unto the harvest for which they have prepared themselves for and laid themselves as living sacrifices on God's altar for the work whereunto God has called them. The messenger of death has invaded our missionary ranks in the past year and taken three of our missionaries Home to live with Him who has said "Well done Thy Good and Faithful Servant, come home and rest and your labors will follow you in the eternal harvest."

Shall we, who call ourselves God's men and women here in our happy homes and home land favored with God's sunshine and prosperity withhold from our Lord and His work and workers that which belongs to God and spend it on our pleasures and enjoyments while teeming millions are dying without the gospel while our conscience is saying give of our best to the Master who has given His all for you?

Brethren let us resolve that we will do more for missions this year than we have ever done before and lift this great burden from the men and women who have given themselves wholly to the Lord and His work.

Respectfully submitted,
J. M. LEWIS, Committee.

REPORT ON TEMPERANCE

It is not possible to bring within the limited scope of this report a satisfactory discussion of this important subject; but as Temperance is of tremendous moral and spiritual significance, it is certainly an appropriate topic for the serious consideration of any group of religious people.

It is, therefore, hoped that members of this Association will speak upon the subject as fully as time will permit.

Reports, pamphlets and books covering every phase of the subject of Temperance, prohibition and the Eighteenth Amendment can be easily secured in abundance by any who may be interested in obtaining facts and figures concerning the matter.

It is well for us to know that the forces arrayed against the Eighteenth Amendment are well organized, well financed and are untiring, unscrupulous and dangerous, and are doing their best to make it appear that prohibition is a failure and that we have lost much that we once gained in our long fight against the liquor traffic.

It behooves us, therefore, to be on the alert and to call upon our ministers, churches, and all Christian people to resume the important work of teaching the young and the old, the truth about intoxicating liquor and the abominable traffic, and also, to call upon all good citizens to abstain from the use of strong drink.

Further, we should frankly realize that the fight is not yet won; that the aim of our opponents is the ultimate return of the open and legalized saloon, and that they will persistently work and fight, using any means and methods, fair or foul, to attain their goal.

Again we should advise our people that the repeal of the Eighteenth Amendment will certainly mean the return of the licensed saloon with all its social evils and woes; and we should, therefore, admonish our people who believe in the value of our present laws to support them in detail and to urge all good citizens everywhere to honor and respect the laws of our country.

Finally, we should urge by every possible way, including our own personal example, that all good citizens do their Christian duty in the matter of electing proper officials to public office and in giving these officials their sincere, fearless and individual support in every way.

Respectfully submitted,
THOS. V. McCAUL.

REPORT OF THE COMMITTEE ON CHRISTIAN EDUCATION

It was the Christian church that first nourished education in America. Harvard, Yale, Brown and Princeton were established by Christian leaders largely for Christ, the church, for light and for truth. As civilization crossed the continent, the denominational school and college accompanied it refining the customs of the people, strengthening their spiritual nature, and increasing their knowledge of the arts and sciences.

Today there is no state in the Union that has not at least a few Christian Colleges. Especially strong are the Baptist Colleges in the South. In these institutions thousands of students study every year, imbibing those spiritual and intellectual truths that have ever blessed humanity. In our own state there stands Stetson University, the pride of every Baptist in Florida. But as individuals we have not done for that great institution what we should have done and what it deserves. It is worthy of our best effort, our loyalty, our support and our gifts. Let us resolve to assist Stetson more in the future than we have done in the past.

The Theological Seminaries under the control of Southern Baptists are among the best and largest in the world today and are growing in Christian usefulness. Each year our support and prayers must ever increase as their sphere of influence widens. By each of us doing his part the future will be glorious.

Respectfully submitted,

TOWNES RANDOLPH LEIGH,

REPORT ON PUBLICATIONS

Baptists have always believed in the enlightenment of the people through the medium of the press. The great American Baptist Publication Society was established as early as 1824, and immediately there poured forth a stream of literature, distinctly Baptist, throughout the country, greatly assisting the churches and adding to their membership. Thus by this means, possibly more than in any other way, aside from preaching, has it been a method of imparting a knowledge of beliefs and doctrines to the world in general. We are glad that Baptists have not been slow to use this mighty power; and are justly proud of our own Southern Baptist Publication plants with their helpful literature continually going forth, dealing with every phase of Baptist

work, edifying, encouraging, stimulating and evangelizing all who read it.

The one regret regarding these publications is that so many of our own people fail to profit by them because they are not enough interested in the cause to read such literature. We strive to push subscriptions for the state papers, and missionary magazines, and though sometimes we are successful in this, we are greatly charigned many times to find that the wrapper is never taken off, and thus never read by the recipients. So it seems one problem to secure subscribers, and another problem to get some of them to read the papers when they arrive.

Having been called upon to make a report upon this same topic last year, I shall not take time to enumerate all the publications now, but would refer you to the report I made at that time.

There are three, however, which I would like to mention with earnestness and pleasure, as of major importance: first, our state paper, *The Florida Baptist Witness*. I fully mean it when I say that this should receive a cordial welcome into every Baptist home in the state, and an interested reading by all in the home. Permit me to say that "In every way, and every day, it is getting better and better." There is the news of the Baptist churches of the state, acquainting one with what the other churches are doing, while the editorials by Dr. Nowlin are rich and very helpful. Here Dr. Willian keeps the Sunday School and Young People's work constantly before us, while Mrs. Peelman is not slow in using her page as a medium of interesting news, and encouragement, to the members of the women's societies. Dr. Trice keeps us informed of the needs, news, and conditions existing at our State Children's Home at Arcadia; then there are interesting gleanings of Baptist work throughout the world from time to time. I do not know how many subscribers there are to the *Witness*, but I do know the list is miserably small in proportion to the number of Baptist homes there are in the state; it should be larger, in order, as Editor Johnson says to add more pages so that he might be able to publish all the articles contributed.

Next to the *Witness*, I appreciate *Home and Foreign Fields*; here is a most wonderful magazine, helpful, informing, stimulating. Here every phase of our work "Beyond" is brought vividly before us, as the devoted workers on the various mission fields describe their activities. As we read, we glory in their triumphs, and rejoice in their labors as lost souls are led to their Saviour,

and gain the great victory over sin and satan; yea, and we are touched, and sometimes pricked in conscience, when they tell us of the restrictions placed upon them which greatly hinder the work because of God's people withholding his money, unfaithful stewards. How earnestly we wish that every Baptist would subscribe for this wonderful magazine, only a dollar a year, and then would read every word of it.

I also must mention *Royal Service*, the little magazine which has proven to be such a wonderful help to the members of the W. M. U. Societies of the state, and throughout the southland. There are a great many copies of this paper taken and I suppose more are better acquainted with it than any other magazine. The women surely push subscriptions for it, constantly.

We pray that the Baptists of Florida, and especially of this Association, will subscribe for, and with interest read these very helpful publications.

Respectfully submitted,

T. D. DENMAN, Committee.

REPORT ON STATE MISSIONS

Notwithstanding that we have had a year of unusual conditions financially, conditions that forced retrenchments in all lines of mission work, and that seriously affected local conditions in certain sections of the state, we have much for which to be thankful when we consider the results which by the help of God have attended our efforts.

In our last report to the state convention the following items concerning State Missions are of vital interest:

Our board assisted in the support of 59 missionary pastors, who labored at 93 different points.

These missionary pastors reported 576 baptisms, 512 received into their fields by letters and 55 by restoration. They were working on mission fields, but reported \$3,039.07 collected for missions, and \$13,125.86 raised for church buildings. The Board spent on this work \$11,032.74.

Through our Student Loan Fund, we assisted 14 students in our Seminaries and Training Schools, and at Stetson University, who are preparing definitely for ministerial or mission work.

We are assisting Stetson University in its Bible Department, and last year gave for that purpose \$4,308.58.

The Convention set aside \$7,500.00 for the Baptist Wit-

ness, in order to assist the paper in keeping our work before the people.

The Board contributed to the W. M. U. Department \$8,072.80, and to the Sunday School Department \$6,915.89, and to the B. Y. P. U. Department \$6,915.40. We thank God for the splendid work done in each of these Departments.

We assisted the Children's Home in Arcadia all through the year with funds from the Program receipts, which amounted to \$10,771.44. There passed through the Mission Office, as special gifts for the Home, \$6,173.98, and the Superintendent reported other gifts which totalled \$15,236.92. This gives a total of \$32,182.34 contributed to the Home for the year.

Florida Baptists gave to Home Missions last year \$11,055.96, and to Foreign Missions \$33,694.67.

We gave to Southwide Educational Institutions \$6,470.00. Friends in the state sent to the Louisville Seminary as Special gifts direct \$2,522.55.

We sent the New Orleans Hospital \$1,077.14. We assisted 27 aged preachers and 18 widows of preachers to the extent of \$4,467.73, and put in our student workers at Tallahassee and Gainesville \$2,530.36.

We are sad to note the decline in receipts this year as reported by our Secretary and trust our people will give themselves to prayer, asking for the leadership of the Holy Spirit, to the end that we may not rob God in withholding our tithes and offerings. We beg our people to support more liberally the Cooperative Program, from which State Missions gets its income.

E. G. DIAMOND.

REPORT ON SUNDAY SCHOOLS

To the Santa Fe River Association of Baptist Churches meeting with the Baptist Church at Hampton, Nov. 4th and 5th, 1930:

Dear Brethren:

In submitting this report your committee would preface it by stressing the vital importance of the Sunday School as an Institution for Religious Instruction. The ministry of the organized church is largely that of preaching and Teaching. And while a very limited amount of teaching of the Word is done from Sermonic effort, the burden of teaching and training is, and must be carried on in our Sunday Schools.

The Sunday School has long since been considered not merely

the nursery department of the church. It is the church members and friends assembled for the study of the book of books. And the friends assembled for the study of the book of books. And the pathetic thing is, that we are compelled to give, but thirty minutes a week to the study of the scripture; 26 hours a year during the regular Bible School session.

"The Sunday School, at first, a feeble institution, tolerated rather than appreciated by the churches, has grown until it stands unequaled and unchallenged among all the agencies which make for popular religious education, and for instruction in the Bible. Great buildings and up-to-date equipment have risen to house its ministers, throughout the land, North and South, East and West. It numbers its constituency by the Million. Year by year it attains higher efficiency and roots itself more deeply in the hearts of the people. The past year has been undoubtedly the greatest and most successful in the history of this enterprise."

In our graded and standard Bible Schools are found intelligent and consecrated teachers that are Sunday after Sunday teaching the word and clinching every lesson taught, with emphasis laid upon the fact, "that the lesson taught is not the end, but rather the means to the great end," viz, to lead the scholar to an acceptance of the Saviour and confession of Him.

Your committee claims, that to see a great modern Sunday School with its various teaching and training departments working efficiently is an inspiration and cause for gratitude.

Every pastor and superintendent officer and teacher of all our churches should determine to make our schools bigger and better in the ministry of teaching the word.

While we have cause for rejoicing at the progress that has been made in Sunday School Work in our Association during the past year, we are forced to admit, that we have fallen far short of what we should have accomplished.

In the last week in May the Annual Sunday School Convention was held at the Baptist Church, Alachua. A goodly attendance was present. But because of some invitations wrongly addressed and returned, some of the Sunday Schools were not represented.

A constructive program was carried out in two sessions. Visiting brethren present were Rev. C. Lubin of Jacksonville. Dr. Lubin led the devotion. Rev. and Mrs. H. H. Harwell of Newberry, were present. Both he and Mrs. Harwell took part in the discussion of topics vitally related to the work of our schools.

At the noon hour the ladies of the church served a splendid chicken dinner. At the close of the afternoon session, the delegates expressed themselves as being the recipients of instruction and inspiration and good fellowship.

From the information your committee has received from some questionnaires sent out for statistics and the annual church reports, there are in our Association, 19 Sunday Schools with an enrollment of 2553, with a church membership of 3403. The number added to the church from the Sunday School by Baptism were 80. The number of teachers and officers 277, holding the Sunday School Diploma are 124.

Your Committee would emphasize the fact that the most promising field for personal evangelism is in the Sunday School.

It would recommend to the Superintendents, Teachers and pastors, to see that the new converts among the children be before and after baptism organized into the young Christian's study class. Teaching from the scripture the meaning of conversion; how to live successfully the Christian life; the significance of Church Membership; the value of ordinances and other questions asked by Children even after their acceptance of Christ as Saviour. In this way the young convert receives under the Holy Spirit's leadership an intelligent grasp of these fundamental truths. Thus, a leakage in church membership would undoubtedly be prevented. It will mean the conservation of the life and talent of youth to be consecrated to the service of the church and the kingdom for years to come.

We are members of the rural Sunday School, it may be. The majority of the churches and schools of our Association are rural rather than urban. And while we have our own peculiar problems to face and try to solve, these problems are being more and more solved and the results most gratifying.

Southern Baptists have 21,499 Sunday Schools: 3,211 of these are urban and 18,189 are rural. In other words 15 per cent of our schools are urban and 85 per cent are rural.

The Sunday School enrollment is 2,797,129, 1,034,938 urban, and 1,762,191 rural.

The progress made in rural Baptist churches during the past ten years has been most gratifying, from 1919 to 1929.

In 1919 we had, church members, 2,013,861; in 1929 we had, church members, 2,519,985. In 1919 we had, Sunday Schools, 15,000, enrolled 1,108,391; in 1929 we had 18,270, enrolled 1,762,191. In 1919 our rural churches baptized 79,-

364 persons; in 1929 our rural churches baptized 119,502 persons. A gain over 1919 of 40,138.

Let us thank God for the progress made; for the triumph of His Cause. May we resolve this year to give our Bible schools a more prominent place and enlist the membership of the church and the community for new recruits for Christ and the Kingdom.

Respectfully submitted,

WALTER J. MEADE.

REPORT ON HOME MISSIONS

The work of the Home Mission Board of the Southern Baptist Convention has been very difficult and trying. The members of the Board were with one exception new at their task; they, without experience, faced the task of working out the tangled affairs of the Board, tremendously involved as they were, and this they must do with greatly decreasing receipts. The decrease in the receipts of the Home Mission Board for the past five years has been 31.01 per cent. It is remarkable that the Baptists have stood so loyally by their Board in view of the present financial conditions and the Carnes affair of three years ago. When we compare the decrease in the receipts of this board with that of three other Boards of the Convention, we find that the others have suffered a greater decrease than the Home Mission Board. The three which have a greater decrease in receipts are the Foreign Mission Board which suffered a decrease of 46.35 per cent, the Minister's Relief Fund which had a decrease of 39.24 per cent and the Seminaries which suffered a decrease of 74.27 percent. We think that the Spirit of giving to this board is well exercised and altogether proper since "the Home Mission Board of the Southern Baptist Convention is the greatest single organization in the South today doing spiritual and human welfare work."

Since the Carnes affair the Board has faced three major tasks, they follow: (1) The election of a secretary; (2) The reduction of its budget for Mission work so as to come within its receipts; (3) The handling of its debt.

Dr. J. B. Lawrence, the newly elected secretary, came to his task with the full confidence of his brethren in the ministry and of the Baptists of the South. He set himself to his task with a spirit of service rendered in a business-like way that indicates that he was the man for the work which has been given him. Let us earnestly pray God's blessings upon him, that he may have divine leadership in the performance of his duties, and that he may have

the complete cooperation of the Board in these trying times.

The total indebtedness of the Board May 1st, 1929, was \$1,970,981.19. This did not include \$126,254.86 remaining of the \$226,126.86 stolen from the church building fund after \$99,872 from Honor Day offering for the Home Mission Board to the fund had been applied. Nor did it include \$100,000 accumulated interest from the Crowell-Spencer Lumber Company stock which was to be turned into the Bottoms Trust Fund. Nor did it include \$70,000 unpaid on the appropriation made to the National Memorial Church, Washington, D. C.

An agreement was made with the Banks in adjusting obligations that two-fifths of its receipts would be set aside for meeting debts and that the Board would do its work with the remaining three-fifths of the receipts. The Board has adhered to this agreement strictly. At the convention at New Orleans the past May, the Board reported that it had paid on its indebtedness the sum of \$231,633. This included payments of principal and interest.

These conditions necessitated retrenchment. It was decided to gradually eliminate some of the Mountain Schools, leaving only those at "strategic points." A good number of these schools had not been receiving help from the Home Mission Board in some time any way as is shown by the report of Dr. O'Hara who was in charge of this work. The Tuberculosis Sanitorium at El Paso, Texas, has passed into the hands of private individuals since our Board could not make it a "going Institution." The work in the Canal Zone and Evangelization in the states was re-adjusted so that it would be done within the receipts of the Board.

We always feel that retrenchment of our Board is to be regretted, but, we believe it the wise course when proper receipts for doing the work is not being gotten. Let us impress upon our people the importance of Bible Stewardship to the end that all of our work may be taken care of, then let us insist that our Board spend the money only which comes in, in doing our work to the end that we may not be burdened with so much debt and have to pay so much interest. We realize that there are times when debt is necessary to hold property or carry on the work, but we feel that there should not be an enlargement of a program in the hope that receipts will come in to take care of it.

There seemed to be a feeling at the New Orleans Convention, that the Boards had gotten the work too far away from the

churches on whom rests the responsibility of carrying the gospel to the world. The boards are agencies of the convention and as should be and are subject to the wishes of the churches composing the convention. We feel that the policies of some of our Boards have been too "fixed" or independent of the churches and convention, but we feel that we are coming back to a recognition of the fact that they belong to the churches and are servants of the churches. We feel that the financial depression of the time is in a large way responsible for this awakening and in so far as we come to know our relationship to the individual churches, so far has the depression been good for us.

Baptist have always met great problems in the Lord's work loyally and fearlessly, let us pray that we may continue in this work in evangelization faithfully.

Respectfully submitted,

J. C. MOORE.

RESOLUTION

Resolved, that this body of Messengers in convention, assembled extend our heartfelt thanks to Hampton Church and people for the royal reception and entertainment they have extended to us.
