He said that revival was demonstrated by nature, and in the Bible with Elijah, Nehemiah, John the Baptist and at Pentecost. He further stated that we could see the need by looking around us, within us, and at our life against God's white light. He affirmed that a revival begins with believers and ends with consecrated Church members. He concluded that revival was not from the preacher or the people but from the Power of the Holy Ghost. His sermon was a high point in the association.

- ### AFTERNOON SESSION
22. The afternoon devotion was lead by Dr. T. S. Hubert. Rev. Fayette L. Hall lead the first verse of "How Firm a Foundation." age. We then sang the last verse of "How Firm a Foundation."

As he told of the fine work that Stetson is doing for our student he said that 40 ministerial students were now doing work there.

Dr. Griffin presented Dr. Maguire, who had not been formally presented to this association. Dr. Maguire gave a picture of world conditions. Calling attention that a number of Churches did not have any baptism for the past year and that many churches have fewer members than they did ten years ago. He further stated in his stirring message that we have a direct responsibility to Indians, the negro race, the tourist, the liquor question, and many other things.

Mass evangelism, Sunday School evangelism, and deacon evangelism are alive to those who believe in it, said Dr. Beall.

REPORTS

Baptist Literature

It is a fact beyond dispute that the eye is more effective than the ear. Only a small part of that which is received by the ear is remembered, while a much greater per cent is retained by the mind when it comes through the channel of sight.

This great truth was recognized long ago when evil was commercialized in such ways as pornographic literature, pictures, modern movies, etc. Millions of the finest children America or the World ever produced, are taught daily by the suggestiveness of these means.

CHRISTIANS, and especially BAPTIST, have the greatest opportunity to use the printed page for bringing the world to a greater knowledge of Christ, and teaching those that know Him than ever before. We as Baptist must, passionately, earnestly, lovingly, pleadingly, urgently, insist that all Churches place in the home of every member, the Sunday School literature, the Baptist Training Union literature, the Brotherhood literature, and all the literature of the Womens' Missionary Union, such as the, COMMISSION, the HOME MISSION, and all the literature of all the auxiliaries of the W. M. U. organization. We need to place in every home where there are young people, the WINDOW, and also where boys and girls are we need to put World Comrades there.

We most urgently insist that every Church place in their budget, our State Baptist Paper, "The Baptist Witness," edited by Dr. E. D. Solomon. By keeping these great truths before our children, and especially the

sermons by some of Southern Baptist best preachers that come through the Florida Baptist Witness, will aid in a comprehension of things Spiritual, and, therefore, worth while.

Respectfully submitted,
Holden Heights Baptist Church,
George L. Brown, pastor.

Report On Missions

The Southern Baptist Convention was brought about and organized for the purpose of missions. After a hundred years, the fields are still unoccupied. "The call comes ringing o'er the restless wave" of a war-weary world, "Baptists of the Southland, send the Light!"

FOREIGN MISSIONS

Southern Baptists have approximately 540 active missionaries under appointment. That is only one to every ten thousand Baptists; and we are averaging a little above 50 cents per capita for foreign missions. "Can we call ourselves Missionary Baptists when our response in life and money is so meager and so insignificant in comparison with the blessings we have received?" The need at once is for 300 new missionaries besides the many replacements.

The Board's income for 1944, not including Relief funds, amounted to \$2,747,207. The Lottie Moon Offering amounts to approximately \$950,000. During 1944, \$323,315.47 was received for Relief. These should increase now rather than decrease.

Urgent financial needs of the Foreign Board are:

First, we must provide for the current budget which in 1945 amounts to approximately \$2,500,000.

Second, funds for replacing destroyed mission property and equipment must be provided.

Third, an emergency reserve fund is urgent, because without it we cannot safely project a long-range, world-wide, missionary program.

Fourth, money to finance the development of the work already founded in nineteen countries is needed.

THE COMMISSION has had a net increase of fifty per cent in circulation during the past two years. We should keep informed about our world mission task through the magazine, mission study courses, films, Schools of Missions, and publicity of the Board.

Surely, "The uttermost part of the earth" looks to Southern Baptists to accept the challenge of the hour.

HOME MISSIONS

The survey made of Home Mission fields reveals that the fields are greater and the needs are more imperative than at any time in our history. If we are going to evangelize the unevangelized in the territory of Home Mission fields, the Home Mission force will have to be doubled and the budget for equipment greatly increased.

The Board added 153 missionaries in 1944, opened 82 mission stations, and acquired 54 pieces of mission property. The missionaries delivered over 53,000 sermons and addresses; more than 15,000 people accepted Christ and 11,911 were received into fellowship of the churches. During the year, 654 missionaries were employed by the Board. There is work among the Indians, Mexicans, Spanish-Americans, Jews, Italians, French, Cubans, Chinese, Russians, Negroes, and in Cuba, Panama and Porto Rica. The Board is cooperating in city and rural missions with the state mission boards.

The Home Mission Board was charged with the responsibility of the Centennial Evangelistic Crusade. Under the leadership of Dr. M. E. Dodd, the entire Convention territory has been organized and the united force of the denomination mobilized for winning a million souls to Christ in 1945.

The fields of "Samaria" are already unto harvest. "Pray ye therefore the Lord of the harvest shall send laborers."

In general mission work, the state mission program includes assisting pastors who are working with needy churches and making loans to churches that need to be rebuilt. We have work among the negroes and Indians. Good Will Center work is done among our foreigners. We are aiding Stetson University and our Baptist Hospitals. Florida Baptists have a great field and a great commission to serve.

Florida Baptist Children's Home

The finances for the past year have been the best in the history of the Home. The Home has not lacked for money for any of its needs, and has been able to save for the building program when the materials are available.

The health of the children has been excellent for which all should thank God. These children had a normal, healthy, happy lives in every way. As a group their school work is average or above. The school authorities assist in every way possible to help the Home to build character.

The Home is to be moved to Lakeland sometime in the future and as they build they can enlarge to care for the ever increasing number of boys and girls who will be knocking at our door for help.

Report On Christian Education

The following report is but a brief survey of what is being done in our schools, colleges, theological seminaries and schools of nursing to make available a Christian Education throughout the Southern Baptist Convention.

There was a time when there were about one hundred colleges and academies among southern Baptists but today the number of colleges and academies of both junior and senior grade, is but fifty-two. Some of these are strong beautiful institutions, well equipped and adequately endowed, while others are weak and struggling schools. Thousands of students attend these schools and will continue, let us hope, and to go out to an ever widening influence in our denominational life. Among these schools is our own Stetson University. Stetson, which has wielded such a great influence among Florida Baptists is, we are sure, destined to be a greater school than ever before when all the churches of the State have done their duty toward her.

Theological training comes close to the heart of those who are vitally interested in churches. We have three great institutions in the business of training men and women in the field of theology. The combined enrollment of these institutions last year was over 1,780 and this figure does not include the women in the W. M. U. Training School in Louisville, who took work in the Seminary there. Southern Baptist Seminary had an enrollment of 654 last year, of men alone. The marked success of the institution has resulted in a growth that has been embarrassing. Says Dr. Ellis A. Fuller, the president, "not enough" seems to be a fitting phrase

to describe the situation. Not enough class room, not enough dormitory room, not enough chapel room, and not enough room for married students and their families. Efforts are at present being made to meet these crying needs and our people need to respond liberally.

The W. M. U. Training School in Louisville is located very close to the Seminary and is closely connected with the Seminary in its work, and yet is a separate institution. The W. M. U. Training School is giving \$50,000 to the Seminary to help furnish the much needed class room space which the women of the training School are helping to make necessary.

The Southwestern Seminary located in Fort Worth, Texas had an enrollment last year of over one thousand men and women. The W. M. U. Training School there is a part of the institution. Dr. E. D. Head is the president of Southwestern. Here also, there is much need for more room. A building program is planned for the erection of the Scarborough-Truett Administration Library Building, at a cost of \$750,000. A building is also needed for the Seminary's School of Religious Education.

The enrollment of the Baptist Bible Institute in New Orleans was 276 last year. Dr. Duke McCall, president of the Bible Institute, is sounding the call of the Institute and all Southern Baptists when he says, "The fields are indeed white unto harvest, but every plan and program of Southern Baptists for conquering the world must wait upon a personnel prepared for the task. The need is before us, the opportunity is at hand, and a hundred strokes on the bell of Southern Baptist life call us now to the great crusade for Christ."

Southern Baptists share in another school devoted to the training of Christian leaders—the American Baptist Theological Seminary for Negroes, located in Nashville, Tennessee. This institution is a cooperative project owned and operated jointly by the Southern Baptist Convention and the National Baptist Convention, the latter representing 4,000,000 Negro Baptists, for the education of Negro preachers and other leaders. The hosts of Negro Baptists of the south can do their own evangelizing and missionary work if only a trained leadership is provided. Their twenty-five thousand preachers and denominational leaders are for the most part untrained and unprepared for leadership. Wonderful possibilities are wrapped up in this group if they can be prepared for service. For this purpose the American Baptist Theological Seminary was established in 1924. In the case of this Seminary, there is also need for more room. The problem of room has kept the institution small. There is need for class room, dormitory room and chapel and library room. For the sake of the future of both races, for the welfare of the nation and for the promotion of the kingdom of God, we must rise up and build a great Negro Baptist Seminary.

Our Baptist hospitals must be counted among our educational institutions. We have twenty-three hospitals in the different states and the one Southern Baptist Hospital at New Orleans. In every one of these is a School of Nursing. The students in these comprise a large group of the south's finest young women with great potential power in the future of southern Baptist work. If these are kept close to the Lord and close to the denomination during their years of training they will go out to become useful Christian leaders all of their lives. In no field at home or in foreign missions can women serve more effectively than as nurses.

Dr. Louis J. Bristow, superintendent of the hospital in New Orleans, writes concerning the School of Nursing: "The School of Nursing continues to hold a foremost place among such schools in the nation. Our pupils come from many states north and west as well as those within the bounds of the Southern Baptist Convention territory. Only Christian young women are admitted. A full time student secretary directs the social and religious life of student nurses and every effort is made to pro-

mote their spiritual life. Already large numbers of nurses have gone out from this hospital to give their lives to the service of the sick and injured, some in the army and navy corps, some in private duty and other fields of service."

Report On Hospitals

Our Southern Baptist Hospital located in New Orleans is the only hospital we are supporting, as an association. It has been in operation for 25 years, and each year clears a little more money. Last year, after paying more than \$150,000 on a New Dormitory, the hospital closed the year with more than \$20,000 in the Bank.

A Christian hospital serves its patients in a Christian way, which is not true in another type hospital. Our Southern Baptist Hospital has been the means of many being saved annually. It has had a definite influence on Catholics, Buddhists and people of other religions treated in this hospital.

In this hospital Christian training is given to student nurses.

In this state there are three hospitals which are in the process of being built, or will be built in the near future. One at Pensacola, one at Tallahassee, and the third at Plant City.

Doubtless much of the misspent money that God has made Baptist people stewards over, could be well spent to the Glory of God by establishing a hospital in this part of our state.

Report On State Of Religion

Five years and eleven months of the greatest and most destructive war in the history of the world has come to an end. Promises of world-wide peace has brightened the horizon again. We thank God that the long night of war is over.

During this terrible war, the church faced and felt the effects of many grave problems. Military conscription, necessary as it was, took away the youthful and growing leadership from our churches. The necessity for great volumes of war production caused the removal of many families from their homes to the great industrial centers. This mobility of our population in addition to taking many people from their churches, increased greatly the problem of Juvenile Delinquency, resulting in a wave of crime.

Scarcity of labor and the swollen pay checks created greed and a false sense of security. Places of sinful pleasure flourished. The traffic in liquor increased alarmingly.

Sunday Schools all over our nation, and in all denominations, fell off at an appalling rate in attendance. Sorrow and grief swept our nation. People talked about God and religion; prayer days were set aside, but there was no mass migration back to the churches. Spiritualism lured the people as never before. Palmists and astrologist, and all manner of isms had a hey-day for the period. Preoccupation with the war, self interest and sin have taken the people further away from God. This is indeed a dark picture.

However, as every cloud has its silver lining, and as it is always the darkest before the dawning, there is every reason to hope that better days are just ahead. Along with bad came many good things. Chris-

tian people under the stress of the times drew near to God. The truly spiritual have done much thinking and praying.

War-time prosperity has given churches every where an opportunity to get out from under burdensome and discouraging debts.

Further more, the stark reality of war gave our people an opportunity to re-examine their faith and to evaluate the quality of their religious experience. Thus they have come to see that empty forms, pink tea religion with no vitality; shallowness under the guise of broad mindedness; compromise with evil masquerading as tolerance, must go from our midst!

The hearts of our people are beginning to cry out again for the pure and unadulterated gospel, which is the "Power of God Unto Salvation."

Baptist with their Centennial Crusade for a million souls for Christ; Methodist with their crusade for Christ, are straws in the wind indicating a return to true fundamental Evangelism. Other denominations are catching the spirit of these movements. They are initiating forward movements of their own.

It is entirely possible, therefore, that we are on the very verge of the outbreaking of a sweeping revival such as produced such men as Wesley and Moody. May God grant this to be true!

Recently the state Chairman of our Centennial Crusade was heard to say: "If Florida Baptist continue to baptize at the present rate, they will have baptised more people by the end of the year than ever before in the history of our State, in the same period of time."

It is also encouraging to see that attendance in our Sunday Schools and worship services are now increasing in the churches of our Association. The outlook for Baptist is good in every direction. There is a growing zeal for evangelism together with a call for deeper consecration and spirituality within the churches.

The prospects of enlarging our missionary enterprises, both at home and abroad, are wonderfully inspiring.

Therefore, let us pray for a great revival; a revival that shall bring America back to God. "It is Christ or "Chaos." Revival or Ruin" "Lord send a Revival."

The Centennial Crusade And The Co-operative Program

The Centennial Crusade is the greatest and most comprehensive effort ever undertaken by Southern Baptists. Think of a million more souls won, enlisted, educated, and contributing a tithe of income to kingdom causes. Surely this should challenge all and each of us to continue the crusade with increased devotion and determination.

Financial reports are encouraging. Total receipts for 1944 were \$76,599,420, an increase of \$13,532,336 over 1943; mission receipts \$17,303,519, an increase of \$3,847,879 or 28.6 per cent over 1943. Our per capita mission gift in 1944 was \$3.05, in 1933 it was only 93 cents. Receipts first half of 1945 were approximately 30 per cent larger than for the corresponding period in 1944. This is good, but it ought to be better, and it can.

Report On Social Service and Temperance

Social Service has long been regarded by the Baptists of the South as a definite responsibility of the Church established by Jesus Christ.

Our Southern and State Conventions as well as the district Associations have kept this before our people.

However, Social Service must be something more than a theory to be discussed and then dismissed for another year. *A pseudo-Christianity, that contents itself with complacent profession, will utterly fail to meet the need.*

Social Service is far more than consideration of the evils involved in the liquor traffic. All social practices that are hostile to the creation and maintenance of a high social order, and conducive to man's well being, are included.

Victory has come to our armed forces by the grace of God; but the Post-war period now presents an even greater challenge to the army of the Lord. "Your adversary the Devil seeketh whom he may destroy: whom resist steadfast in the faith".

The two institutions ordained of God, the Home and the Church, are under heavy attack by the god of this world. If these fail where will the forces of righteousness come from?

The prevention of "Juvenile Delinquency" is the Christian Home, functioning as intended by God.

With our all out War effort came all manner of social and economic mal-adjustments. A false idea of Patriotism led many to swing over to the world's standards. Home life with parental care and guidance became the exception rather than the general rule. Pleasure was sought regardless of the effect upon both spiritual and physical life. Gambling, social drinking and lowered morals, on the part of the parents, had its harmful effect upon the children. Likewise unrighteousness in business and civic affairs is winked at and commented upon lightly before the children and will not produce strength of character in the children of that home.

It is a disgrace to a Nation called Christian to traffic with Liquor and Gambling for revenue to support our indigent aged and educate our children. "Woe unto him that buildeth a town with blood, and establisheth a city by iniquity.

Christian, we need to hear Peter speak, when the world put him on the spot — "whether it is right in the sight of God to hearken unto man more than unto God, judge ye".

For obvious reasons the press carries very little that would reveal the true character of these twin enemies of righteousness. However, we Baptists have access to facts that will inform and challenge any child of God. Our Sunday School Board, Baptist Witness and other religious publications, also the valuable information furnished by Mr. Fred T. Barnett of the Florida Cooperative Committee make it possible for every church to be informed. If our people are allowed to remain ignorant of the true facts regarding this evil because pastors and leaders are indifferent or afraid then God will hold us to account. "Watch ye, stand fast in the faith, quit ye like men."

"I have made thee a watchman — give them warning."

Discussion:

At this time I would like to give recognition to Mr. E. G. Rich for the wonderful work he has done in the Wekiwa Sunday School Association during the greater part of this year, being forced to retire because of war-time conditions.

Miss Laversa Hallman is to be commended for the efficient manner in which she gathered the D.V.B.S. data and made these D.V.B.S. reports available to us. Gathering and compiling data of this nature takes long hours of diligent labor.

The B. V. B. S. report reveals one startling fact. Mrs. Barclay Webster of the First Church, Orlando went the Second Mile twice! She sponsored two Mission D.V.B.S. In our busy every day world, "bringing in the sheaves" the first mile keeps most of us busy. To carry Bible instruction out to those beyond normal reach in double measure will lay up treasures beyond compare.

Then, to all those faithful workers who have supported the Associational Sunday School work, and have worked in their own Sunday Schools as well—May "The LORD make His Face to shine upon thee, and be Gracious unto thee".

In conclusion, we wish to thank the First Church, Orlando for their hospitality last December in the Training School, also for the use of the Delancy Class room in which we held our monthly meetings.

Our prayer for the coming year is that Our LORD may be glorified and we know HE will bless our work to that end.

Respectfully submitted,
J. B. Haddox,
Superintendent, Wekiwa Sunday School Association.

Report Of The Training Union

It is rather difficult to measure the progress made by the Associational Training Union during the past year. Curtailment of travel has hindered us from going forward as rapidly as we might have wished, however, we have not gone backward either. Training Unions are functioning in eighteen of the twenty one churches in our association with a total of seventy four unions, including sixteen Adult unions, fourteen Young Peoples unions, eighteen Intermediate unions, sixteen Junior unions and ten Story Hours. 413 of our people received Study Course awards representing twelve churches. Our goal for next year is 700 awards with a Training School in every church.

Our one day associational conference was held at the First Baptist Church, Orlando, with an attendance of 307 representing fifteen churches. "The Training Union Task in the Centennial Program" was ably presented by Rev. Carl Bates of the First Church, Lee-burg. While our other meetings of the year were not as well attended, they made up in interest what they lacked in numbers.

At the annual meeting October 4th it was voted to continue the present officers until the next meeting, in order that the nominating committee would be able to enlist a complete staff of officers who are

fully committed to the work.

Sincere appreciation is expressed to North Park, Miller Memorial, Delaney Street and First Church, Orlando, for opening the doors of their churches to the associational meetings.

The year ahead of us is filled with golden opportunities for consecrated service. We plan for an increased budget in order that extension work can be broadened, more and frequent visitations can be made to our churches, more complete use can be made of our State workers in order to create interesting meetings. Do not forget, your association will be only as large as the churches in it. Your prayers and cooperation are earnestly requested so that our Lord will not be ashamed of those who are furthering his Kingdom on Earth.

Respectfully submitted,
R. G. Summers, Director.

Report Of Woman's Missionary Union Of Wekiwa Association 1944 - 1945

In Rev. 3:8 we find these words. "I know thy works: Behold, I have set before thee an open door".

Today the doors of the world are being opened to Southern Baptists and Woman's Missionary Union, a vital part of Southern Baptist, are facing the greatest opportunity ever given to them in the history of the Union.

This is the time you and I have been praying for. A time when guns and bombs would cease and peace would be declared. God has answered the united prayers of our hearts. The war is over, and altho' there are broken hearts and sadden homes, God has given the Allied Nations, the victory. America has been given another chance and let us be much in prayer that she will use it **THIS TIME** to the glory of God in sending the Gospel "even to the uttermost ends of the earth." Behold, I have set before thee an open door. This is an invitation to enter the fields already white unto harvest.

JANUARY:

The Mission Conference for State Leaders scheduled to convene in November 1944 was cancelled due to the fact that Miss Josephene Jones, State W. M. U. Secretary, had just come on the field and it was felt that it would not be fair to plan the work for her, so the conference was postponed until just before the State Convention. This caused a delay of three months in getting started in the work. Taking this in consideration, the women of Wekiwa Association have performed a great piece of work for the Master this year and I am happy to bring this report to you.

It was a privilege to attend the State Convention and a spiritual feast to hear the many wonderful messages given there. Especially did Mrs. Frank Burney thrill our very souls with her messages, "To Tell" and "Wonders Among You Tomorrow". A statement made by Dr. Land regarding Stewardship, impressed me very much and I would like to pass it on to you, "Missions wait upon Stewardship. Evangelism waits upon Stewardship. Enlistment, enlargement, expansion, everything waits upon Stewardship. If the world is ever to be evangelized, if the Gospel is ever to be preached "to the uttermost part of the earth", if the command of Jesus is to be carried out, "Go ye therefore and make disciples of all nations," we must first make the evangelized conscious of their Stewardship; then we will solve the enlistment problem, financial

problems, mission problems, in fact, all our problems. A proper sense of our Stewardship will bring reapers for the dead-ripe mission fields of the world, workers in our Sunday Schools, W.M.U., Training Union, all our organizations and money, yes money to build and maintain colleges to educate the uneducated and seminaries to train the untrained." Consider this statement. Let the truth of it sink deep into your hearts and remember—Jesus said—"I know thy works."

This association was the first to receive a visit from Miss Josephine Jones, State W.M.U. Secretary. She was the guest speaker at the quarterly meeting in January and she brought to us the centennial goals that had been set before the W.M.U. of the south.

20% increase in Membership
20% increase in Tithers
20% increase in gift to Cooperative Program
20% increase in Mission Study awards
20% increase in Organizations.
Every member a soul winner.

We have more than met these goals with the exception of organizations. We gained one this year and during the third quarter one disbanded to reorganize in the Fall. They are planning now for that. Of course, we can not count the souls won, for only our heavenly Father knows that.

In January, Schools of Missions were held in this association with nine churches participating. Delaney, Holden Heights, Kissimmee, Lucerne, Miller Memorial, North Park, Orlando First, St. Cloud and Winter Garden. The speakers from the Foreign Board were: Miss Alda Grayson, and Miss Lucy Smith of China; Dr. and Mrs. George Green of Africa; Rev. Arnold Hayes of South America, From the Home Mission Board, Miss Irene Chambers, Dr. Noble Beall, Rev. Alex Pasetti and Rev. Stanley Smith. Mrs. D. M. Jackson was the chairman of the Schools of Missions and a most efficient one.

Schools of Missions for this association are scheduled for February 17-22, 1946. If you pastors are planning to have one in your church, and I urge you to, please let me know at once. It takes much planning and the Jacksonville Office is anxious to get started with them. These Missionaries always bring a blessing to you and your people, and again I urge you to consider having one in your church.

FEBRUARY:

An Advisory Board meeting was held for the first time in February. This proved a great help for much of the discussion was thrashed out in this meeting and it eliminated this in the executive board meeting, and helped to present the business in a more concise form.

At the Conference in January, the "Intercessory Prayer League" was introduced. At the board meeting in February an associational prayer chairman was appointed and each society was asked to do the same. It took three months to get organized and then another three months before the first report came in, but it was worth working and waiting for. Mrs. Gordon Willox is the Association Prayer Chairman and this is her first report:

22 cottage prayer meetings held.
16 family alters established.
49 requests for prayers for the lost.
6 won to Christ. 1 whole family and prayers were asked for another family.

This is a very encouraging report and the possibilities of these leagues are unlimited.

"I know not by what methods rare
 But this I know; God answers prayer.
 I know not when He sends the word
 That tells us fervent prayer is heard.
 I do know it cometh soon or late,
 Therefore we need to pray and wait."

MARCH:

In March it was voted to hold conferences at the quarterly meetings on each phase of the work. This would help to bring officers and chairmen in personal contact with those they worked with out in the association, bringing about a better understanding of the work and what was required of them. This has proved a blessing and will continue to do so through the years to come.

APRIL:

April was the red letter month, with a feast of good things. The first week in April, Miss Elizabeth Province taught the mission book, "God and Man in Missions" by Dr. Carver. It is a wonderful book and was taught in a most beautiful manner, bringing a blessing to all who heard it. It was the best attended class we have had. The Associations of the state are gathering funds to buy a car for Miss Province. This will be a love gift to her. You know her work carries her into the rural sections of the State and there is so much time lost in waiting for transportation and it has been hard for her to stand on crowded buses for miles and miles, with no time to rest at the end of her journey. Never have we had a worker more deserving of such a gift than Miss Province. She has endeared herself to the women of Florida and her work has been most acceptable in every respect. She has dedicated her life to mission work in China and when she goes, we want her to take the car with her.

At the quarterly meeting in April we were again honored. Our beloved State W.M.U. President, Mrs. J. L. Rossier, was with us and brought the message at the morning session, "The Spirit of Florida Woman's Missionary Union and Our Plan of Work." Truly she inspired the women with a greater desire to be more consecrated in the service of our Lord. Her message will linger long in the hearts and minds of those who heard her. At the afternoon session, our state vice president, Mrs. Edwin Harwell brought a message regarding our young people. She urged the women to give more time in raising their children and in the service for the Lord in training our young people for His Kingdom work. This also brought an earnest desire in our hearts to do more for the training of our young people.

For several years some of our women have had the desire to have the history of Wekiwa Associational W.M.U. printed. We were so fortunate in having one of our own members consent to write it. It took months and months to gather the material for which we are indebted to Mrs. W. H. Bixby and Mrs. C. S. Rowe. Then it took months and months to write it. Today we have this little book, "Through The Years" which is so beautifully written by our own beloved Mrs. W. C. Golden. We are so deeply grateful to Mrs. Golden for her labour of love in writing this history. We are proud of this history. From such a small beginning, "through the years" great progress has been accomplished. Have you gotten a copy for your very own? If not do so at once and read it, you will be proud of it also. Mrs. C. S. Rowe has been appointed as Historian and she will keep this history up to date through the years.

JULY:

At the quarterly meeting in July, which is the young people's rally Miss Doris Knight of China, was our guest speaker. She told our young people of the difference between the young people of China and those of America. She said, the Bible, the Word of God, was the most precious possession they could have and they would do anything to possess a copy. When they met the Lord Jesus and surrendered their hearts to Him, they became separated, consecrated Christians. But she had found that was not the condition in America. That the young people of America, who professed to be Christians, were no different from those of the world. You just could not tell who were Christians. How our hearts burned within us as she made these comparisons and we were ashamed, as mothers and servants of our Lord that we had not done more to train our young people to a closer walk with God. "I know thy works."

At the quarterly meeting in July, the first graduating class in Mission Study was held with six graduates. Mrs. Stulek of Winter Garden was the honor graduate, having the greatest number of seals and awards. We are so proud of our graduates and are planning for a larger class next year. With Mrs. J. W. Jones of Winter Garden as chairman, I know we shall see great results in Mission Study in the near future. We need to become more mission minded.

We have a good associational library with Mrs. Esther Bales as Librarian and plans are being formed whereby it will soon become one of the best libraries of the state.

The Young People's Camp was held in July with Mrs. Fayette Hall as manager. With all the ups and downs of managing a camp, cook not showing up at the last minute, etc., she came out on top with a balance of \$81.14 after all bills were paid. She was a wonderful manager. There were 143 girls and boys in attendance and out of that number, there were 48 conversions, 12 reconsecrations, 12 dedicating their young lives for Christian work, Missionaries and such. We still have in the camp fund from other years of \$84.36, making a total of \$165.50 now in savings account, drawing interest.

AUGUST:

For the first time in this association, an Inter-Racial Institute was held at the Mt. Zion Baptist Church with Mrs. H. P. McCormick of Africa as the principle speaker. It was a most interesting meeting and a blessing to all the women who attended. One of the negro women made this statement. "It is good for Christians to get together regardless of race, but that is not enough. We must understand each other. My people do not want to be equal with the white people, we know we are your servants, but we want to be the best servants we can to you. A Christian attitude will have to be shown my people and we must be treated right. This is a serious situation and the responsibility of it will fall on the shoulders of the Christian women, if conditions are improved." Please pray for God's guidance in this work.

For many years this association has sponsored the Winston Stamps Kindergarten in China. For the duration we have been contributing this fund to the World Emergency Relief, but still retaining the amount \$196.98 in Savings Account for this work when it can be resumed. Dr. Stamps is on his way to China now and it will be a matter of just a few months before Mrs. Stamps will follow him. They were so anxious to return to their field and I believe the Kindergarten work will be going again. "Behold, I have set before thee an open door."

This year our goal has been 100% societies reporting. In April we received all but one and it did come in but too late to report it. Today

we have all the reports in. Each society has met its financial obligation to the Association and the books are closed with a balance of \$108.25, all bills are paid. This will be used to start the new year's work. This is also the first time this has been done.

The societies receiving the Efficiency Banner this year are, North Park, Delansy, Lucerne and Holden Heights. Our young people's leader, Mrs. Marvin Powell, gave birth to a baby girl last Sunday and the young people's report was not available at this time. We hope to get it in before the Minutes go to press.

The 1946 Watchword is "Look unto me, and be ye saved, all the ends of the earth; for I am God, there is none else." Isa. 45:22.

Respectfully submitted,

Mrs. C. T. O'Rork, Ass'n. Pres.

Report Of The Young People's Leader

The Bible instructs us to train up a child in a way he should go so that when he is old he will not depart from it. In our Young People's Auxiliaries we seek to help provide this training. Mission study, Bible study, Stewardship and Christian friendship are the outstanding features of these organizations.

In order that we might reach every age group from infancy to adulthood, there are five organizations—The Sunbeam, the Junior and Intermediate Girls' Auxiliaries and Royal Ambassadors and the Young Women's Auxiliary.

Each quarter at the associational meeting an efficiency banner is awarded to the church whose auxiliaries meet a certain standard. This year the North Park Auxiliaries won the banner every time.

Several new groups were organized including Junior Girls' Auxiliaries at the First Baptist Church, Orlando, and Holden Heights, Intermediate Girls' Auxiliaries at Winter Park and Delancy Street and Royal Ambassador group at Pine Castle. However, there are churches in the association which do not have even one auxiliary.

The highlight of the year was the Young People's Camp at Camp Wewa which was held July 23-29. Here the boys and girls had an opportunity to intensify their mission study while enjoying outdoor living. Mrs. Fayette Hall was the successful leader of the camp and Miss Doris Knight, missionary to China, who spoke at the Young People's Rally in July, was one of the capable teachers. All who attended the camp received inspiration and many of the young people dedicated their lives to Christ. About \$100.00 was donated for those who could not afford to go to camp without some financial aid and twenty boys and girls were sent with this money.

At the WMU associational meetings this year, leaders conferences were held at which time the Young People's directors and leaders from the various churches meet to discuss their ideas and problems. These conferences were very valuable and should be continued in the coming year, as it is often very encouraging just to find out that other people have similar problems to yours.

In almost every church there is a deplorable lack of leadership. Some auxiliaries have even tried to function without a counselor because there were no adults willing to lead them.

Let us hope and pray that this condition will not be the same next year but that the christian adults in our churches will answer Christ's call to encourage and guide our young people in His work.

Mrs. Robert L. Hodges is the new associational Young People's leader and she will need all of your prayers and our support as she works among the auxiliaries.

Respectfully submitted,

Mrs. Marvin Powell, Young People's Leader.

Annual Meeting Of Wekiwa W.M.U. Oct. 23, 1945

The annual meeting of Wekiwa W.M.U. was held at First Church, Orlando, October 23, 1945 with an attendance of 108 and 14 churches represented.

Mrs. C. T. O'Rork, president, called the meeting to order at 10:00 A. M. After singing, "Lead on, Oh King Eternal," Mrs. Bixby led in prayer. The theme of the day, "Time", was followed through the entire pro-

gram. Mrs. R. L. Stirk led the devotional choosing selections from 2nd Corinthians as her scripture. She spoke on "Christ's Sufficiency for all time."

Miss Josephine Jones, Executive Secretary, brought a message on "Now is the Time". She spoke of using our time in such a way that we may achieve maximum results, suggesting that the first time of each day be spent with God. She told us our goal for foreign missions this year is one million dollars, stating that "It is time to magnify missions in our Baptist churches, time to stress stewardship, time to give missionary vision to our young people and time to make our communities christian. A great program that will last through eternity."

Miss Nannette Zitteour then very impressively sang, "Ready".

Miss Irene Chambers, of the Home Board, brought an inspirational message on, "Thou Art Come . . . For Such a Time as This", basing her thoughts on Esther 4:14. She stated that the christian people of today were comparable with Esther in that they, too, hold the fate of hundreds of people in their hands. She spoke of God as a timely God and the fact that we are living in America today as a definite part of God's plan. She impressed us with the fact that our world is shrinking and of the close relationship of all peoples. She reminded us that other nations were watching and judging our people. She compared the Church of today with the canary whose cage had hung so long among sparrows that he quit singing and started twittering, stating the Church had failed to evaluate its message.

Miss Chambers then took us, in imagination, to the Home Mission fields giving us stories and mental pictures of the great need. She closed with the question "What are we going to do with the opportunities that are ours at a time like this?"

At this time the following recommendation from the Executive Board was read: "The Board recommends that the offering received at this annual meeting be given as a love gift to Miss Elizabeth Provence toward the purchase of an automobile to be used in her work." Motion to accept recommendation made by Mrs. Stirk and carried.

After the offering, Rev. Brown dismissed the meeting with prayer and thanks for the luncheon to follow.

AFTERNOON SESSION

Following conferences held by Miss Chambers and Miss Jones, the afternoon session was called to order at 1:30 by the president. Mrs. Robert L. Hodges brought the devotional, her subject "The Right Use of Time", her scripture Psalm 90:12. "So Teach us to Number our Days that we may Apply our Hearts Unto Wisdom."

Minutes of the regular quarterly meeting were read and approved.

Holden Heights and North Park were the churches eligible for the Efficiency Banner.

Mrs. Martin, chairman of the nominating committee, then presented the names of Mrs. Robert L. Hodges as Young People's Leader and Mrs. H. L. Webb as Young People's Supt. for District No. 3. Both were unanimously elected.

All outgoing and incoming officers were called to the platform for an impressive installation service. Each old officer told of her work and each new officer pledged her best for the new year. Miss Jones then gave the charge to the new officers, closing with prayer.

Mrs. Strobel conducted a memorial service in honor of these our departed members: Mrs. B. E. Stover, Mrs. H. R. Caar, Miss Clara Kamp, Mrs. Agnes King, Mrs. P. M. Cox, Mrs. Carrie Albertson, Mrs. A. L. Jordan, Mrs. H. R. Jordan, Mrs. Leonard Sullivan and Mrs. Florence

Hostler.

A period of directed prayer was then led by prayer chairman, Mrs. J. G. Willox. Meeting closed with prayer by Rev. G. L. Brown.
