

## North Hialeah Baptist Church Community News!

Today so many people are without the love and support of the traditional family. They are being exposed to all kinds of violence and immorality. Child abuse, battered women, suicides and addictions are increasing at an alarming rate. Daniel O. Ramos, Pastor of **North Hialeah Baptist** Church said, "We cannot reach all the hurting people of America, but we can reach out to those in our community."

The Day Care and Kindergarten ministry was established in 1974 and has earned the reputation of excellence in providing safe and loving care while preparing the children for academic success. Parents everywhere are concerned about the violence and low academic standards in the Public School System. With that in mind, we opened the 1995 school year with first grade. In 1996, second grade was added and in September we will add third grade. We plan to "grow a grade" each year.

The long awaited new Youth Department and recreation room is almost ready for the furnishings. We are also expanding our ministry to families. Our "Family Room" will be used for television, sports, parties, movies, and various seminars: financial, marriage and parenting, etc. A Bible Study Class and Support Group to inmates of a local Drug Rehabilitation Facility, is another growing outreach of the church. The men are picked up for Sunday morning worship service. After the service they are given a good home cooked meal, then taken back to the facility center.

To complete our renovations, we are in need of some used (in good condition) carpet, family room furnishings, sports equipment, television, and VCR, etc. We can also arrange for pick-up of any donations.

If you would like more information about our ministries or if you have any needs, please call 821-4021, or stop by at 5800 Palm Avenue, **Hialeah**
